

## **Trap Shooting at the CRRC – Open to the Public**

One of the best ways that the general public can learn about the CRRC, and shooting in general, is through the Club's trap shooting programs that are open to the public (weather permitting) - and available all year long.

**What is Trap Shooting?** Trap is an individual shooting sport, (actually an Olympic-level sport) where the participants shoot outdoors at round clay targets that are launched into the air flying away from the shooter. While it may sound complicated, the CRRC offers a friendly and safe environment that makes it easy to learn, fun to participate, and the opportunity to practice and master.

**When?** *For juniors and beginners of all ages*, the CRRC offers trap shooting, with supervision every Sunday beginning at Noon with our Junior Trap Program. Trap supervisors and other club members can help ensure your first experience is positive and safe.

*Experienced* trap shooters can shoot every Sunday, year round (weather permitting), from 1PM till about 4PM and also on Tuesday evenings (under the lights!) from April thru November at 6PM. For 2021, a round of trap costs \$5 for non-members and \$4 for members. Free rounds can be won also!!

**Where?** The CRRC Club is located on the north side of Princeton-Hightstown Road (Route 571) and is about ¼ mile east of the West Windsor Community Park. The trap range is located through the main gate and in the back left corner of the property.

**How to get started?** For beginners, the best way to get started is to first come to the CRRC to watch a round, pick up some brochures, and talk with other trap shooters and visitors. If you're ready to participate, just come over at Noon on any Sunday afternoon.

For experienced shooters, grab your gear and come on over – sign-ups start at 1PM on Sundays and 6PM on Tuesdays.
